Who we are.

This Business Expansion & Startup Guide is brought to you by the Erie County Economic Development Corporation (ECEDC), the Regional Incubator for Sustainability & Entrepreneurship (RISE), and the City of Vermilion. Our organizations support economic development providing critical connections to help your business grow and succeed like market research, regulatory assistance, financial incentives, and specialized small business and entrepreneurial support through RISE. This Guide is a by-product of the challenges, common questions, and unexpected hurdles new and existing businesses face as they look to locate and expand their facilities, ultimately achieving their business goals.

How this guide works

This guide is designed to provide a checklist for new and existing business who are looking to build or relocate into Erie County. By answering a few initial questions and then working through customized checklists, business owners can feel confident that they have met all the requirements to operate in good standing

Choose where to start

Are you a new business, start up, or entrepreneur that's trying to get your business incorporated and quickly up and running? Flip to **page 10** to start and learn how RISE can help get you going in the right direction.

Existing business? We can help you there too. Head to the **next page** to make sure you have crossed off everything on list and then head to **page 12** to see how ECEDC can help you grow and expand your business.

These icons alert you to tasks with extended time requirements:

Are you finding broken links?

That means there's information newer than this document out there! See page 12 for the homepage link to all the agency and organization websites cited in this document.

Ready to grow or establish a facility in the City of Vermilion?

One of the first steps a new or existing business owner should take once they've decided they want to open a business in the City of Vermilion is to schedule a meeting with the the local and city economic development groups. This initial introduction can assist the process of becoming operational by foreseeing any challenges or hurdles businesses may face due to the nature of their business.

Will you be moving into an existing facility or constructing new/expanding a location?

If existing, you'll want to work through the following checklist:

ZONING

Before signing your lease check:

- Check the [Zoning Map](#) to ensure your business type and use is appropriate based on the zoning of your location.
- Are you looking for specific action to be taken before setting up shop? Applications including re-zoning, zoning certificate, separating or combining lots, and a few others can be found [here](#).
- Owner should have an occupancy permit. Change of use will result in the need for a new occupancy permit.
- Notify the Fire Department of your new business and operation
- Before design and purchase, review [signage application](#).

LOCAL LICENSING & PERMITTING

- Is your business a food truck or food stand? You'll need to get a permit to operate in the City of Vermilion. [Find that here](#).
- Opening a restaurant? Check out the [Food and Beverage Guide](#) for the process to meet local requirements.
- Be familiar with the types of building renovations that require permitting. Cosmetic improvements like painting or flooring, typically do not require a building permit. However, structural renovations (ex. changing a window size, electrical upgrades) do require a building permit.

Have you selected a location that suits your business objectives?

Yes,

continue reading here to ensure you've met the regulatory requirements to operate there.

No,

economic development offices can assist you in your search.

Visit [Page 13](#) for contact information and services.

STATE LICENSING

Check state requirements at the official website of the State of Ohio: [Licenses & Permits | Ohio.gov | Official Website of the State of Ohio](#)

Liquor permits are handled at the state level. Specific attorneys are often hired to assist in the application process.

- New Liquor Permit [Process](#)
- Check [How to Apply](#) for more information
- [Forms Required](#)

UTILITIES

Transfer utilities:

- Water and Sewer: City of Vermilion- (440) 204-2420 or utility@vermilion.net
- Columbia Gas: (419) 625-8875
- Ohio Edison: (419) 271-1313
- Telecommunication Providers: [Buckeye Broadband](#) or [Spectrum](#)

If constructing a new building for your business or doing a large renovation of existing building:

ZONING

- Check the [Zoning map](#) to ensure your zoning is appropriate for your business functions.
- Are you looking for specific action to be taken before setting up shop? Applications including re-zoning, zoning certificate, separating or combining lots, and a few others can be found [here](#).
- Are you planning to locate downtown? It probably is within the historic district. Find out everything you need to know about the historic district [here](#).
- Understand traffic patterns. Learn more about the parking and accessways for your new build [here](#).

- Check availability of needed utilities.
Columbia Gas: (419) 625-8875
Ohio Edison: (419) 271-1313
Water and Sewer: City of Vermilion- (440) 204-2420 or utility@vermilion.net

SITE PLAN APPROVAL

- Contact a design professional to begin designing the site.
- Review and submit [Planning Commission Application](#).
- Review the [fee schedule](#) for the various steps associated with building a new structure.

BUILDING DEPARTMENT

- Check out the [plan submission checklist](#) to ensure you have all the information you need for plan approval. Fill out and attach all necessary information and submit it to the Building Department. This document includes information on setbacks, ingress/egress, parking, stormwater/grading, lighting, and utilities location. The Fee Schedule can be found [here](#), too.

Request these various permits and plan approvals:

- [Building Permit](#).
- [Electrical Plan Approval](#).
- [Plumbing Permit](#): Erie County General Health District (419) 626-5623 x 209.
- Determine what type of signage your business will need to make the desired impact. Once determined fill out the [commercial sign permit application](#). There will be a fee associated with the application.

UTILITIES & OPERATIONS

- [Water Connection Permit](#)
- [Sewer Connection Permit](#)
- [Water Specs](#)
- [Stormwater Management Permit](#): Kenneth Fortney, kfortney@eriecounty.oh.gov
- [Flood Plain Permit](#): Tim King, tking@eriecounty.oh.gov

Set up the remaining utilities for the business including:

- [Water](#): Erie County Department of Environmental Services - (419) 627-7666
- [Colombia Gas](#)
- [Ohio Edison/First Energy](#)
- Telecom provider: [Buckeye Broadband Spectrum](#)

Congratulations on your new business location.

Final reminders: don't forget to update your insurance, mailing address, and all online listings which are very important to your search engine optimization. Celebrate and announce your growth with your customers. Partners at the City of Vermilion and Erie County Economic Development Corporation would be glad to welcome you and share the news.

Special considerations for starting a new business.

Are you a new business, start up, or entrepreneur that's trying to get your business incorporated and quickly up and running?

Take advantage of the local Regional Incubator for Sustainability & Entrepreneurship (RISE). RISE works with entrepreneurs in every phase of the business development process. Whether you are starting with just an idea in need of a plan, fresh start-ups in need of a boost, or a business looking to develop and execute a new growth strategy. We can give you access to expert advice and resources to help you start, develop, or accelerate your business. Our advisors are seasoned professionals in business and know what questions to ask to help you explore the many aspects of starting and running a business, including the list below! Work your way through this RISE recommended checklist for a solid legal and strategic foundation for a new business:

Checklist

- **Create a business plan.** A business plan should be feasible and cover a description of your products and services, potential competitors, marketing and sales ideas, and key partners, staff, or resources.
- **Work on financial planning** and projections that detail a worst, medium, and best-case scenario for the profitability of your business. You should have 1-3 years' worth of projections showing revenue and expenses quarterly or monthly.
- **Form your LLC.** Register with the state. Most small businesses will fall into this category when launching: [LLC \(Limited Liability Company\)](#). Other business entities can be researched [here](#).
- **Research and obtain necessary licenses** in accordance with the state [here](#).
- **Visit the IRS website** ([Internal Revenue Service website](#)) to establish your Employer Identification Number (EIN). You will need an EIN to create a separate checking account for your business.
- **Contact your bank to establish a checking account** for your business. Separating personal and business finances is key for tax purposes. Some banks in the area include [VacationLand Federal Credit Union](#), [Civista Bank](#), [First National Bank of Bellevue](#), [Firelands Federal Credit Union](#), PNC, and US Bank.
- **Obtain a Vendor's License**, which authorizes you to collect sales tax. You can either apply online at the [Ohio Business Gateway website](#) or in-person at your local county auditor's office: [Erie County Auditor's Office](#).

- **Investigate Business insurance.** Contact and get a quote from multiple providers to find the best fit for your business. Some agencies in the area: [Bodey Insurance Agency](#), [Lindsley Insurance Agency](#), [Steinemann Hafner Insurance](#), [Willis Insurance Agency](#).
- **Get online!** Make sure people can find your business by growing an online presence. You want to be visible when people google you. Ways to gain an online presence include claiming a [My Business](#) [Google Listing](#); connecting to others on social media platforms like Facebook, Instagram, Twitter; and creating a website. [Squarespace](#), [GoDaddy](#) or [Wix](#) are popular places to purchase a URL and set up a website.
- **Some other helpful tools** for your business include bookkeeping programs like [QuickBooks](#), customer relationship management software like [Salesforce](#), or email marketing platforms like [Constant Contact](#) or [Mailchimp](#).

Get more assistance

Our RISE team can provide templates and one-on-one assistance working your way through this checklist. RISE events and workshops are another great way to sharpen your skills and build a local small business network. Check out current events on [Facebook](#) or contact rise@eriecountyedc.org today.

Business assistance programs & support organizations.

Economic Development Programs

Companies making a significant investment in the City of Vermilion may be eligible for assistance through the following program:

- Community Development Block Grant Economic Development**
 The Community Development Block Grant Economic Development (CDBG ED) Program is a Federal program administered by the State of Ohio, which provides grants to the County for economic development projects. The County uses this money to provide low interest loans to businesses and for infrastructure improvements, which help create or retain jobs. Loan repayments are credited to Erie County’s Revolving Loan Fund and used to provide financial assistance to other businesses or political subdivisions.
- Revolving Loan Fund**
 Monies from the County’s Revolving Loan Fund (RLF) are generated by repayments from businesses that received financial assistance on Community Development Block Grant Economic Development (CDBG ED) Projects. The Revolving Loan Fund Committee evaluates and makes recommendations regarding loan proposals. All loans must meet RLF guidelines and provide a job creation component.
- Enterprise Zone Tax Abatement Guidelines and Application**
 Certain new construction or renovation projects may be eligible for multi-year real estate tax abatement on the increased real estate tax liability of their project. This abatement provides real estate tax relief for a period of years and provides operations savings during the term of the abatement. All projects awarded real estate tax abatement under this program are required to meet or exceed a negotiated level of capital investment, new job creation and new payroll.
